Redwood LifeSkills Curriculum (Incorporating PSHE/ Careers/ Enterprise / Vocational) 2018 onwards.

Curriculum Redwood Yrs 7-11 MSB/ SSC1-5/ Supported Groups/ Alternative/REEC
There are 7 Strands - Intentions are split into 3 levels - 'Gaining Awareness', 'Developing Knowledge' & 'Securing Understanding'. Unit choices are to be determined by the teacher dependent of what the students current knowledge and what is pertinent to them. Student can complete any unit from any level dependent on the teachers judgement/ discretion. Units can be repeated over the course of the students school career, if necessary, to ensure that they have consolidated their learning and prepared for adulthood similarly some intentions/ objectives can be highlighted as not appropriate for the student.
SEB
SEB can complete any units they feel are appropriate and this curriculum is to compliment the MAPP curriculum. The Alternative Curriculum Group will be using the curriculum as appropriate complemented by additional functional and social/PSHE sessions.
EHCP outcomes
EHCP outcomes can be be mapped across the strands or personalised targets can be added to specific units
School Enterprise
Students in SFI, SSC5 & the Alternative Group work on a rota basis. The practice: basic household domestics, preparing lunches for staff and students and serving in the 'shop'.
Class Enterprise
All groups have the opportunity to complete an enterprise. They must complete an 'enterprise request' form. This will allow students to: create a company name, logo, decide on a product, work out costings, work out how many items they can produce and how much profit they should make.

This curriculum should be supported/ complemented by:	
Students own communication strategies (Paula Stott)	
The vocational education curriuculum (See Voc Ed tab)	
Community visits (Evolves must be completed),	
The Independent Travel Programme (Sam Greenfield/ Lynda Reddish)
