

Coffee @ the Craven

As we step into 2022 it is with great enthusiasm that we announce a very exciting project - Coffee at the Craven. In partnership with Springhill Hospice and Newbridge college, Redwood Supported Internship will be running and managing a tea room / coffee shop located at the Craven Pub in Balderstone.

The partnership aims to reinstate 'The Craven' as a popular eatery, that will provide practical catering and hospitality experience for interns whilst generating income for the Hospice. We aim to open this new venture in April 2022.

We are committed to providing a quality service to support our local community and will provide additional services at the 'Craven' such as 'free' advice, guidance and support services throughout the year. We also plan to open the 'Shop' within the Craven to provide a comprehensive range of products for sale.

Address: 7 Broad Lane Rochdale OL164PG

REDWOOD
Real Work Project

We invite all members of the local community, friends and family of Redwood and Newbridge to visit and support Coffee at the Craven and look forward to a bright, successful and exciting new venture!
