

*"Where every person matters"*

Ref:AKY/nc

7<sup>th</sup> June 2019

Dear Parent/ Carers,

As part of our Eid celebrations on Tuesday 11<sup>th</sup> June 2019 within school, students will have the opportunity to have henna mehndi designs applied to their hands.

Henna consists of leaf powder, water or lemon juice (or possibly jagua juice) and essential oils (usually tea tree or lavender). Henna will stain the skin lasting up to 10 days.

There will also be an option to use face paints instead of henna for a less permanent result.

Please sign the slip below to indicate if you are happy with your son/daughter to participate.

Yours Sincerely,

Ammara Karim-Yasin

Teaching Assistant
