

The Independent Travel Programme enables suitable students to gain the confidence and skills to travel independently to and from school, work experience, social venues and to their post 19 placements. The ability to travel independently opens future opportunities for the students and gives them a sense of self-worth. Once students have been identified for the programme, an individually tailored programme is agreed with parents/carers at each stage. Students are taught the safest route, road safety, stranger danger and how to deal with unexpected situations on a 1:1 basis. The students are very proud to be Independent Travelers.
