

"Where every person matters"

Dear Parent/Carer,

NATIONAL EDUCATION UNION (NEU) INDUSTRIAL ACTION

Further to my previous letter, I can now advise you of the school's decision in relation to our ability to open on the day of the industrial action (strike action).

On **Wednesday 1st February 2023** the school will:

- Close for students other than those on work placements as part of the internship.

This decision has been based on a full risk assessment and the information available at this point.

Those on the internship will be contacted directly although this decision may have to change on the day of action if there is sickness absence or a picket line that employees have decided not cross. As I'm sure you understand, we will be unable to advise you of this in advance and we may need to update parents and carers on the morning of the action to advise of any closure. If this occurs we will aim to do this as soon as possible before the start of the school day.

We will continue to update you about the impact for the future dates, nearer the time of them taking place. As a reminder, the dates planned for future Industrial action are:

- Tuesday, 28th February 2023
- Wednesday, 15th March 2023
- Thursday, 16th March 2023

If you have any questions, please direct these to the school office on info@redwood-school.com

We will continue to provide any updates via our website and social media.

Yours sincerely

Ms C John
Headteacher
